#### 4) Pre 1947, Indian Independence day Posters

Posted by Deepak Punjabi on 08/15/07

As partition looms, illustrator EH Shepard (of Winnie the Pooh fame) depicts the mainly Hindu Congress organisation and the Muslim League as two elephants ignoring each other in a 1946 cartoon for Punch. All images courtesy of the British Library.

---

From the 1920s, Congress advocated the boycotting of British goods and the embrace of swadeshi - the promotion of Indian products and traditional technologies.

---

This Congress poster depicts India as an old man having to choose from three paths: co-operation with the imperial government, violence and peaceful non-cooperation.

---

This poster shows non-cooperating Indians sitting in a tree as a soldier tries to shake them out and Mahatma Gandhi sits by serenely.
