Subject Commission on Aperiodic Crystal

Dear Professor Mukhopadhyay

It is my pleasure to inform you that during the last IUCr congress, Osaka, you have been elected as member of the Commission on Aperiodic Crystal of the International Union of Crystallography.

I will sent you shortly a summury of our meeting in Osaka, together with the list of members.

We usually interact essentially via e-mail, and meet during the Aperiodic meeting (13-18 September 2009 Liverpool, UK <http://www.aperiodic09.org/>) and the IUCr international meeting (next one in 2011, Madrid, Spain).

I hope to meet you next year in Liverpool

Do not hesitate to contact me for any further questions.

Sincerely

Marc de Boissieu
Chair of the Commission on Aperiodic Crystals.
